Rheumatism

Like Neuralgia, is now known to be a nervous disease. The kidneys become weak through lack of nerve energy, and fail to filter the uric acid from the blood; this acid attacks and burns the nerves and muscles, and consumes the oil in the joints, producing inflammation, fever, swelling—pain.

To cure Rheumatism, then, you must restore the kidney nerves and muscles, and neutralize the effect of the acid upon the joints and tissues with Dr. Miles' Restorative Nervine, a nerve medicine, which has made many cures of this painful disease. Nervine strengthens the kidney nerves and increases the circulation, and relief is assured.

"Before I took Dr. Miles' Nervine, I had been looking for a cure for Rheumatism for 25 years. The last time I was laid up for several months, could not get out of bed or set foot on the floor. I tried remedies to rub in, to drink, doctors' prescriptions, etc., but none of them had any effect. One day I read about Dr. Miles' Nervine and got a bottle. After the first dose I had a good night's rest, and after taking half a bottle the pains disappeared, and I went out and walked all around the town. In a week I went to work, and was perfectly cured, but continued to take the medicine for a time, to make sure the pains would not come back."

The Miami Metropolis of Saturday has a fine view of the new hotel, Halcyon Hall, to be opened in that city in November. It is built of stone and will cost \$250,000. There will be 150 sleeping rooms and all the necessary parlors, etc. It is a beauty.

The Atlantic Investment Company, to be located at Jacksonville, with capital stock of \$100,000, has been incorporated. The business to be transacted by this corporation is to buy, sell, lease, own, hold, convey and mortgage real property and to improve same by erecting buildings thereon.

The Miami band asked to be paid for playing on the Fourth, and some of the chronicles in that city set up a big howl. If some of those pinch-penny fellows would practice for years to become able to play with a band and spend twice or three times what they made every year, they might look at it in another light.

Owing to the increase in the number of subscribers, the DeLand Telephone Company is installing a new switchboard, with a larger capacity. DeLand is now connected by 'phone with Daytona, Ormond, Port Orange and New Smyrna, on the East Coast, Lake Helen on the South, and Beresford and Glenwood and Bards Mill on the West.

THE NEWS FROM HAGUE.

Speculators Buying Teas.

New York, June 3.—Speculators who purchased large quantities of Japanese and Formosa teas in anticipation of either an ultimate Russian victory of the indefinite prolongation of hostilities in the Far East are now having difficulty in disposed of their holdings, says the Herald. Except for two weeks, when the Russian North Sea fleet was approaching Japan, the export trade from that country have not been interrupted, and according to men in the trade, the new crop of tea is now coming forward in large quantities.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. Most people would rather preach half a day than practice half an hour.—Montreal Star.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful."
